

IROQUOIS CENTRAL SCHOOL DISTRICT 2017/18 CAPITAL PROJECT INFO

Elma Primary

Reconstruction of front entrance, main offices and adult restrooms and is expected to be completed by September 2017.

New classroom and main entrance security electronic locksets. No completion date at this time; however, it will not affect building access in the fall.

Main water line and septic line relocation.

2017 Summer Building Accessibility

The Elma Primary Building will have limited building used during July 10th through the 14th, and closed to all but essential staff throughout most of the remaining summer recess period. Public accessibility to the building is not expected until the third week of August. If you require building access in late summer, please contact the personnel listed below for building access availability.
