State Aid for 2022-23

Included a \$2.1 billion increase to school funding

- \$1.6 billion targets “fully funding” Foundation Aid.
- Additional funds allocated for “strengthening our teacher workforce and supporting student’s mental health”.

Other highlights of Governor’s proposal:

- Requires all bus purchases be zero emissions by 2027 (entire fleet by 2035).
- Continues UPK funding.

Iroquois receives the minimum Foundation Aid Increase: 3%

State Aid – Estimated 1.2% Increase

Even with 3% increase in Foundation Aid, our 22-23 expected State Aid will be very similar to our budgeted State Aid revenue for 2021-22.

Expense based aids are seeing minimal change.

- Transportation aid was reduced this year due to 20-21 expenses being lower.
- Currently, our BOCES aid is forecasted as lower in 22-23 than 21-22.

Sales Tax

Inflation has impacted consumer spending and does increase sales tax generated in Erie County.

Increasing our estimated payments from Erie County by \$150,000.

Proposition #4

At-Large Voting for Members of the Board of Education

Beginning with the 2023-24 School Year

(Board seats in the May 2023 vote)

Current Board seat voting procedure:

Candidates petition for a specific Board member's seat.

The highest vote count, among those petitioning for the seat, wins the position.

- It is possible that with two seats open, one can have multiple candidates, and one can have no candidates.
- It can create indecision by candidates when choosing which seat to petition.
- It is possible that the candidate with the second highest vote count is not elected because the seat they selected to petition for was the same as the individual with the highest vote count.

Vote: May 17, 2022

Proposition #4

At-Large Voting for Members of the Board of Education

Vacancies on the Board will not be considered separate offices.

Nominating petitions shall not be specific to any Board seat.

Example: If two Board seats are open, the candidates with the two highest vote counts are appointed to the two open seats.
