

Iroquois Central School District

Health Services

The district's School Health Services program supports your student's academic success by promoting health in the school setting. One way that we provide care for your student is by performing the health screenings as mandated by the State of New York.

During each school year, the following screenings will be required or completed at school:

Vision

- Distance and near acuity for all newly entering students and students in Pre-K or Kindergarten, Grades 1, 3, 5, 7, and 11.
- Color perception screening for all newly entering students.

Hearing

- Hearing screening for all newly entering students and students in Pre-K or Kindergarten, Grades 1, 3, 5, 7, and 11.

Scoliosis

- Scoliosis (spinal curvature) screening for all girls in grades 5 and 7, and boys in grade 9.

Per NY State Education Department guidelines, a note will be sent home with your child notifying you of their vision and hearing screening results only. If further follow-up is needed, you will be notified by the school nurse and a letter of referral will be sent home. Parents are only notified of scoliosis screening results if further evaluation is needed. Please call the school's Health Office if you have any questions or concerns.

High school health office: Jennifer Brooks, RN and Jackie Jimenez, RN – 716-652-3000 ext. 7600

Middle school health office: Macie Giczkowski, RN – 716-652-3000 ext. 6600
