**SUBJECT: VISITORS TO THE SCHOOL**

All visitors shall be required to report to the Main Office upon arrival at school and state their business. Visitations to classrooms for any purpose require permission in advance from the Building Principal in order to allow teachers the opportunity to arrange their schedules to accommodate such requests.

In the event an individual is disruptive, the Superintendent or his/her designee is authorized to have the individual(s) removed and, if necessary, charges filed.

When individual Board members visit the schools, they must abide by the regulations and procedures developed by the administration regarding school visits (refer to Policy #1517 -- How to Visit Campuses as a Board Member).

**SUBJECT: USE OF SERVICE ANIMALS**

The Board of Education allows the use of service animals on school grounds by individuals with disabilities, subject to restrictions permitted by federal and/or state law, and procedures established by the Superintendent or designee.

A service animal is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals.

The work or tasks performed by a service animal must be directly related to the individual's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition. Psychiatric service animals that have been trained to take a specific action to help avoid an anxiety attack or to reduce its effects, however, may qualify as a service animal.

Where reasonable, the Board of Education also allows the use of miniature horses on school grounds by individuals with disabilities. This use will only be permitted where a miniature horse has been individually trained to do work or perform tasks to benefit an individual with a disability. The use of miniature horses by individuals with disabilities is subject to the considerations and restrictions permitted by federal and/or state law.

The Superintendent or designee may create procedures, regulations, and/or building-specific rules regarding the use of service animals and miniature horses on school grounds by individuals with disabilities.

**SUBJECT: PUBLIC COMPLAINTS**

Complaints by citizens regarding any facet of the school operation often can be handled more satisfactorily by the administrative officer in charge of the unit closest to the source of the complaint. In most instances, therefore, complaints will be made to the Building Principal and/or his/her assistant if the matter cannot be resolved by the teacher, coach, or other school employee.

If the complaint and related concerns are not resolved at this level to the satisfaction of the complainant, the complaint may be carried to the Superintendent and/or one (1) of his/her assistants. Unresolved complaints at the building level must be reported to the Superintendent by the Building Principal. The Superintendent may require the statement of the complainant in writing.

If the complaint and related concerns are not resolved at the Superintendent level to the satisfaction of the complainant, the complaint may be carried to the Board of Education. Unresolved complaints at the Superintendent level must be reported to the Board of Education by the Superintendent. The Board of Education reserves the right to require prior written reports from appropriate parties.

**SUBJECT: SOLICITATION OF CHARITABLE DONATIONS****School Children**

Direct solicitation of charitable donations from children in the District schools on school property during regular school hours shall not be permitted. It will be a violation of District policy to ask District school children directly to contribute money or goods for the benefit of a charity during the hours in which District students are compelled to be on school premises.

However, this policy does not prevent the following types of fund raising activities:

- a) Fund raising activities which take place off school premises, or outside of regular school hours during before-school or after-school extracurricular periods;
- b) Arms-length transactions, where the purchaser receives a consideration for his/her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity, shall not be prohibited as the purchaser will receive consideration - the concert or social event - for the funds expended;
- c) Indirect forms of charitable solicitation on school premises that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods or money. However, collection of charitable contributions of food, clothing, other goods or funds from students in the classroom or homeroom is prohibited.

The Board of Education shall ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

Regulations shall be developed by the administration to implement this policy.

**School Personnel**

Soliciting of funds from school personnel by persons or organizations representing public or private organizations shall be prohibited. The Superintendent of Schools shall have the authority to make exceptions to this policy in cases where such solicitation is considered to be in the District's best interest. The Board of Education shall be notified of these instances.

Distribution of information about worthwhile area charities may be made through the Office of the Superintendent of Schools as a service to School District personnel.

**SUBJECT: SOLICITATION OF CHARITABLE DONATIONS (Cont'd.)****Public Sales on School Property**

The Board of Education prohibits commercial sales on school property except when the proceeds of such sales benefit an educational or charitable purpose. In such instances, a permit may be requested from the Superintendent of Schools for the use of school property for public sales.

School organizations and parent associations may earn money through fund raising activities or sales on school property subject to the approval of the Building Principal.

Rules and regulations for public sales on school property shall be developed by the administration.

- a) Schools may cooperate in furthering the work of any non-profit, community-wide, social service agency, provided that such cooperation does not restrict or impair the educational program of the schools or conflict with the Rules of the Board of Regents Section 19.6;
- b) The schools may use films or other educational materials bearing only simple mention of the producing firm;
- c) The Superintendent of Schools may, at his/her discretion, announce or authorize to be announced, any lecture or other community activity of particular educational merit;

**SUBJECT: USE OF SCHOOL FACILITIES, MATERIALS AND EQUIPMENT****School Facilities**

It is the policy of the Board to encourage the greatest possible use of school facilities for community-wide activities. This is meant to include those uses permitted by New York State law. Groups wishing to sue the school facilities must secure written permission from the Board of Education or its designee and abide by the rules and regulations established for such use including restrictions on alcohol, tobacco and drug use.

The District reserves the right to charge a fee for the use of its facilities in a manner consistent with law, and on terms specified in regulation or by agreement with such organizations.

**Materials and Equipment**

Except when used in connection with or rented under provisions of Education Law Section 414, school-owned materials or equipment may be used for school related purposes only. Private and/or personal use of school-owned materials and equipment is strictly prohibited. The loan of equipment and materials for public purposes that serve the welfare of the community is allowed, as long as the equipment is not needed at that time for school purposes and that the proposed use will not disrupt normal school operations.

The Board will permit school materials and equipment to be loaned to staff members when such use is directly or peripherally related to their employment, and to students when the material and equipment is to be used in connection with their studies or extracurricular activities. Community members will be allowed to use school-owned materials and equipment only for educational purposes that relate to school operations. The Board will also allow the loan of equipment to local governments and other entities that benefit the welfare of the surrounding community. The Board supports such inter-municipal cooperation as it saves taxpayer monies and is a more efficient use of scarce or costly equipment and resources.

The District will develop administrative regulations to assure that use of school-owned materials and/or equipment complies with the letter and spirit of this policy, including a description of the respective rights and responsibilities of the School District/lender and borrower in relation to such materials and equipment.

**SUBJECT: USE OF FACILITIES BY THE BOY SCOUTS OF AMERICA AND PATRIOTIC YOUTH GROUPS**

To the extent the District receives funds made available through the United States Department of Education and maintains a "designated open forum" or a "limited public forum," as those terms are defined in federal regulation, it will not deny any group officially affiliated with the Boy Scouts of America or any other patriotic youth group listed in Title 36 of the United States Code equal access or a fair opportunity to meet. Likewise, the District will not discriminate against any such group that requests to conduct a meeting within the District's designated open forum or limited public forum, including denying such access or opportunity or discriminating for reasons based on the group's membership or leadership criteria or oath of allegiance to God and country.

The District will provide groups officially affiliated with the Boy Scouts of America or other Title 36 patriotic youth group access to facilities and the ability to communicate using school-related means of communication on terms that are no less favorable than the most favorable terms provided to other outside youth or community groups.

The District is not required to sponsor any group officially affiliated with Boy Scouts or any other Title 36 patriotic youth group.
