Testing Protocols

The District will refer individuals to the DOH for diagnostic testing for students, faculty, and staff for COVID-19, in consultation with the Erie County Health Department officials, when needed, which will include plans for testing of symptomatic individuals, close contacts of COVID-19 suspected or confirmed individuals, and individuals with recent international travel or travel within a state with widespread transmission of COVID-19 as designated through the New York State Travel Advisory, before allowing such individuals to return to in-person to the school.
