

## Virtual Learning Support Center

Open to all students K-8

Virtual Learning Support Centers are in-person sites throughout the community designed to assist families in need of supervision, nutrition, Internet connectivity, and support during this period of remote school instruction.

Live Well Erie Cares Act Child Care funding is currently in place to support the Virtual Learning Support Centers through Dec. 31, 2020. Erie 2-Chautauqua-Cattaraugus BOCES has been designated by school districts in southern Erie County to administer this programming.

Support Centers will be operated independently by community-based organizations including child care centers, churches, community centers, and youth-oriented agencies. Transportation will NOT be provided.
