

How to connect to your home Wifi

Why can't I get on the internet? or I have no internet connection!

How do I turn off airplane mode?

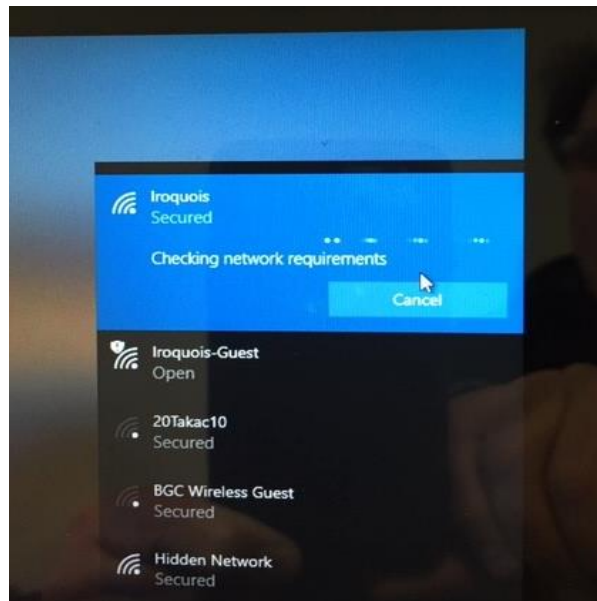

1. At the Login screen, locate and click on the Globe symbol.

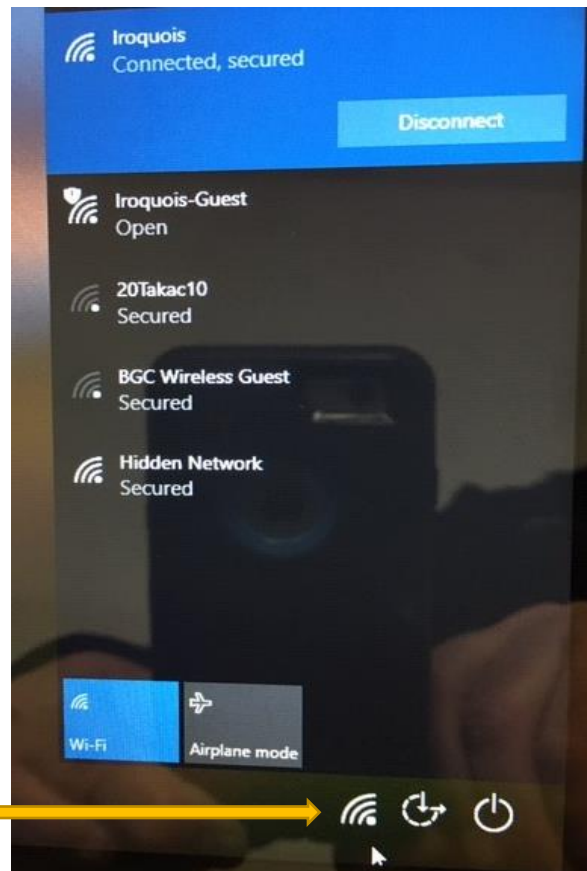

2. Find your School (wifi, shown above) or your home network (wifi) connection (not shown) and click on the "Connect" box.

Use your pointer to highlight or click on the wifi connection you wish to connect to in order to display the "Connect" box if you don't see it.

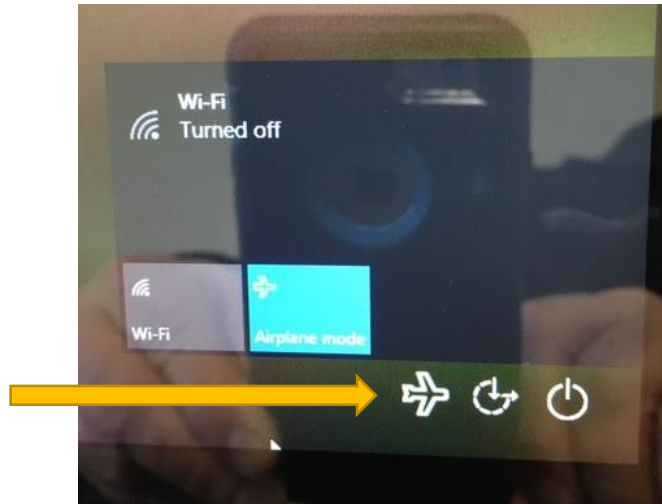

It will check network requirements for 5-10 seconds.....

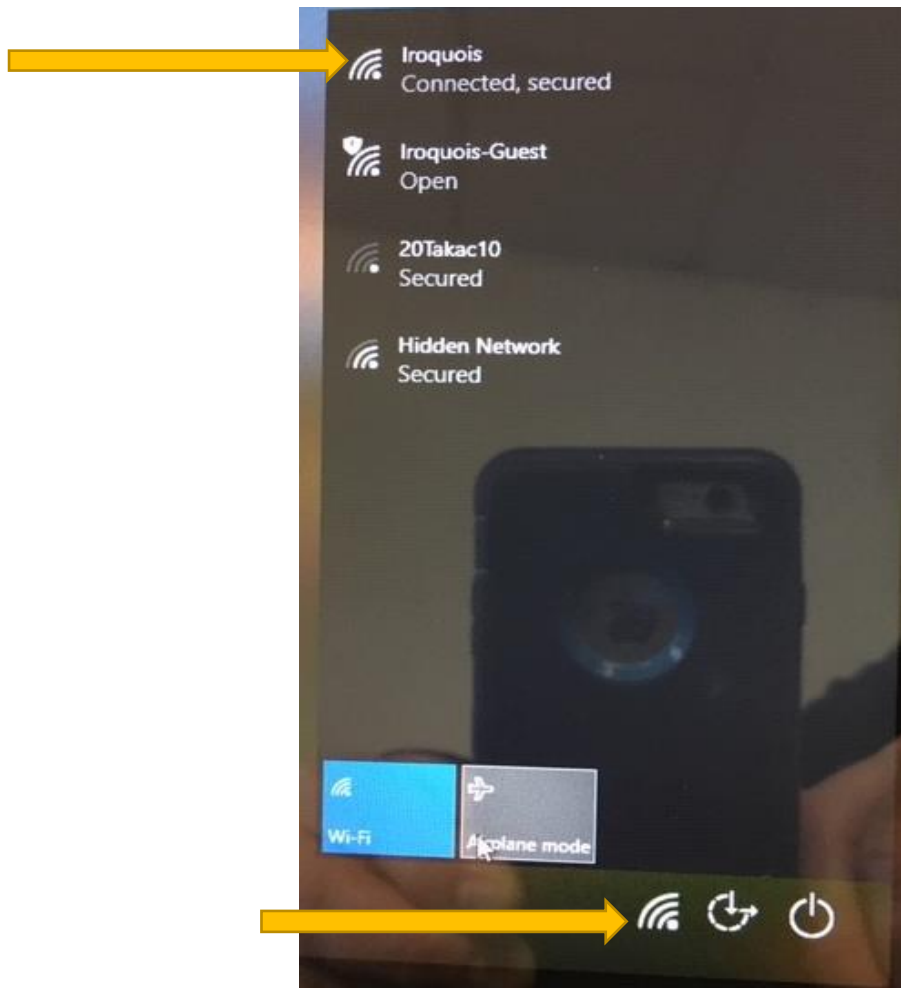

3. You should see a similar view once your device connects to your home network (wifi)

Airplane Mode

1. If you see the Airplane at the Logon Screen, click on it.

2. Your device should reconnect to your wifi in a few seconds. You should see Connected, Secure and the radio wave symbol.
